2015 Changes to the Scrap Metal / Appliances Curbside Pickup

Effective January 1st 2015 the Public Works Department will be collecting Scrap Metal, Appliances, Electronics and TVs curbside on the **bulk collection day schedule per zone** which is always the last full week of every month. Our goal is to boost recycling efforts from residents and have an easier schedule for residents to follow. Please refer to the calendar that is mailed to you or website for specific dates.

You can call the Public Works Department at 908-647-0070 anytime to schedule a scrap metal / appliance curbside pickup. You may leave a voice message with the address and items to be collected no later than 6:00 am the morning of the scheduled collection. No confirmation is required. Place all metal items, electronics and large televisions along with any bulk items together curbside the night before the scheduled collection.

Public Works will collect the scrap metal/appliances and electronics and the contracted garbage hauler will collect any bulky items. The Public Works staff may arrive at your home at a different time of day than the garbage hauler so please be patient, everything will be collected.

Please follow the collection schedule that is on the calendar that is mailed to you or posted on the township website @ www.longhillnj.gov there will be no special pickups. If you are away and miss a collection you have the option to drop off any scrap metal or electronics at the Public Works Recycle Facility during operating hours.

Bulky Items

Bulky items such as mattresses, box springs, furniture, carpeting (*rolled and tied in bundles no longer than 4 feet in length*), carpet padding, can be placed curbside with regular garbage on the scheduled **Bulk Pickup dates only**.

Household Hazardous Waste

Hazardous materials may be taken to the Morris County MUA. Please call 973-631-5109 for information to schedule an appointment or refer to the Counties website @ www.mcmua.com under Hazardous Materials for the acceptable materials to be dropped off. There is no curbside collection of hazardous materials.

Branches / Leaves / Grass Clippings

Branches, logs, leaves and grass clippings can be dropped off at the Public Works Recycle Facility on the designated Saturdays or during normal weekday operating hours. There is no curbside collection of these items.

Please refer to the website @ www.longhillnj.gov for the Public Works Department operating hours.
