

Long Hill Twp. Police Department

Chief Michael Mazzeo

It's 2017, please don't forget to register your alarm system.

Township Ordinance (4-1.3):

A permit is required for every alarm system used in both private homes and businesses within the Township. Alarm permits expire on December 31st of the year in which they were issued and must be renewed annually before January 31st or you will be in violation and potentially issued a summons. In addition to any summons issued, any person who fails to obtain a renewal permit on or before January 31st shall be subject to a 25% surcharge in addition to the permit fee.

If your system is disconnected, you must give written notice to the Police Department within seven days.

The Long Hill Police Department does not operate a central alarm panel for direct connection of residential or commercial alarm systems. Your alarm system may connect to a commercial alarm system service company, which will then notify the Police Department when an alarm is reported. The police will respond to your residence when an alarm is received to investigate.

Alarm permit applications may be picked up at the Police Headquarters or printed from a PDF download.

Please remember to fill in the year of the permit in the blocks at the upper right corner of the permit form.

Alarm Permit Fees:

Initial Application Residential Alarm
\$50.00

Initial Application Commercial Alarm
\$50.00

Yearly Renewal Fee
\$50.00

Late Yearly Renewal Fee (after January 31st of permit year.)
\$62.00

If a smoke detector is included with the burglar alarm, then permits are required for the installation. See the Construction Permits page.<http://longhillnj.gov/police/pd-issued-permits.html#alarm>

Should you have any questions, please call 908-647-1800 (press 1, then extension 233).
