

Long Hill Township is continuing with our annual reassessment. 20% of all properties within the Township will be inspected each year. The field inspectors will carry photo identification and their names are registered with Town Hall. **PLEASE DO NOT ALLOW ANY ONE IN YOUR HOME WITHOUT PROPER IDENTIFICATION.** If you are present when the inspector visits your property you will be requested to sign the field form used by the representative to acknowledge that an interior inspection was made. Please prepare the occupants of any rental units you may own concerning the inspection to be made. If you have any questions regarding the inspections, please call ASI directly at **201-493-8530.**
